Keep merging! I get a million coins. Coins. Night! But this is the first night this happened to me and I haven't had this game for a long time yet. I know all you do is watch the dogs run around in circles and breed dogs, but it feels like so much more, but the ads are so annoying if you could maybe not do as many ads as I would love this. I see why most of the reviews love this app, but I don't know why this app is so cool, because as I said all to do is watch the dogs run around in circles and breed them, but just like its... DOG PARADISE!!!!!! So thank you so much for this app. Edit: I just went back to this app not even a minute ago since I finished what I was writing earlier and discovered that when you away from playing the dogs keep you from getting coins, so that's amazing, LOVE YOUR GAME, BYE.💙💙💙
